OBJECTIVE

Full-Stack Developer skilled in Java, JavaScript, Node.js, React.js, and SQL with hands-on experience building scalable web applications, APIs, and database-driven systems. Strong knowledge of OOP, Data Structures, REST API development, and MVC architecture. Proficient in the software development lifecycle (SDLC), debugging, and API testing. Seeking a Software Developer / Full Stack Developer role to apply expertise and contribute to innovative projects.

EDUCATION

BCS – Dr. Babasaheb Ambedkar Marathwada University

8.30 CGPA *July '2022 – May '2025*

TECHNICAL SKILLS

- **Languages**: Java, JavaScript, SQL.
- **Frontend:** React.js, Bootstrap, HTML, CSS, jQuery**,** AJAX,Yii2.
- **Backend:** Node.js, Express.js, spring, Spring-boot, REST API Development, JWT Authentication, MVC Architecture**.**
- **Databases :** MySQL
- **Core CS Concepts:** Data Structures & Algorithms (DSA), OOP, Operating Systems.
- **Testing:** API Testing (Postman), Debugging
- **Tools / Platforms:** VS Code, Git, GitHub, SVN, Postman, Eclipse IDE, STS, MySQL Workbench.
- **AI Tools:** Cursor AI, Antigravity, GitHub Copilot, ChatGPT – used for code generation, debugging, refactoring, and accelerating full-stack development

EXPERIENCE

Java Full Stack Intern | Creazione Software, Pune

May 2025 – Nov 2025

- Developing and maintaining web applications using **Spring Boot** and **React.js**.
- Implementing **RESTful APIs** with **MySQL** integration for scalable backend operations.
- Collaborating with teams using **GitHub** and **Postman**, following **agile** development practices.

Full Stack Development Trainee | Giri's TECH HUB Pvt. Ltd., Pune

Aug 2024 – May 2025

- Pursued comprehensive full-stack training covering **Core Java**, **Spring Boot**, **Node.js**, **JavaScript**, **OOPs**, **Collections**, **Multithreading**, and **File I/O**
- Built **full-stack applications** using **Java (Spring Boot)** and **Node.js** with **MySQL**, focusing on **modular testing** and **API integration**
- Implemented **custom sorting using Comparator** and gained hands-on experience with **HTML**, **CSS**, **JavaScript**, **React.js** and **Git** development

PROJECTS

Online Job Portal (Quick Start Career)

Tech Stack: *Node.js, Express, MySQL, JWT,* REST API*, GitHub, React.js, HTML, CSS, Nodemailer.*

- Built a **full-stack job portal** with secure **JWT authentication** for **Job Seekers**, **HRs**, and **Admins**.
- Developed RESTful APIs and interactive React.js UI for job posting application tracking, and profile management
- Integrated email notification using **Node mailer**, enabling automated alert for job application
- Optimized MySQL queries, improving data handling and reducing manual job management by 40%.
- Implemented **real-time application tracking** and **live updates** to enhance user experience
- Live Link: http://quickstartcareer.in/

Employee Management System

Tech Stack: Spring Boot, Spring MVC, MySQL, JDBC, REST API,Reac.js, Postman

- Developed a **CRUD-based web application** to manage employee details such as name, email, salary, and department.
- Implemented **Spring Boot RESTful APIs** connected to a **MySQL database** using **JDBC** for data access.
- Followed **MVC architecture** to ensure clear separation between controller, service, and data layers
- Tested all API endpoints using **Postman** and added basic **error handling and input validation**

CERTIFICATIONS

- **Full Stack Java Development** – Giri's Tech Hub Pvt. Ltd., Pune *(2025)*

Covered Java, Spring Boot, REST API Development, React.js, SQL, and Git/GitHub
